

Delaware Board of Bar Examiners  
405 N. King St., Suite 420  
Wilmington, DE 19801

**Registration of External Devices (Monitor, Webcam, Microphone)**  
(This form can be legibly handwritten or typed.)

The administration of a remote bar examination with Exemplify software will require applicants to have a functional webcam and microphone (headsets are not allowed). Internal devices are recommended. If you have a need to use an external monitor, webcam or microphone, you must notify the Board office by using this form and uploading it into your online bar application before the exam. Applicants may use an external keyboard and an external mouse without registration.

I plan to use (check all that apply):

External Monitor  
Monitor Size: \_\_\_\_\_

External Webcam

External Microphone

To use an external monitor and/or an external webcam, an applicant must place the device(s) directly in front of the applicant, not off to the side. An applicant's face must be captured by the camera from the front and an applicant may not look off to side at a monitor.

Name: \_\_\_\_\_

Last 4 digits of your Social Security Number: \_\_\_\_\_

Applicant's signature: \_\_\_\_\_ Date \_\_\_\_\_
