A. Entry to the Courthouse

- i. Designate an entrance or process for judicial branch employees to enter the courthouse in a manner that minimizes contact with the public.
- ii. Have courthouse visitors line up under direction of Capitol Police or other appropriate authority to maintain 6-foot social distancing requirements. Capitol Police or other appropriate authority should wear protective equipment and, when feasible, maintain appropriate social distancing consistent with their responsibilities.
- iii. Process courthouse visitors in a manner that will allow appropriate scanning to occur in a planned and controlled fashion.
- iv. Post signs in English and Spanish and Haitian Creole in Sussex inside and outside of the courthouse advising of the new measures required to enter the courthouse. These measures include 6-foot social distancing, wearing a face covering, using hand sanitizer upon entering the building, answering COVID-19 screening questions, and submitting to a temperature scan. As information concerning the transmission of COVID-19 develops, additional measures may be added.
- v. Limit entry to employees and visitors to those who answer “no” to the following questions:

Are you currently experiencing, or have you experienced within the last 14 days, any of the following symptoms that were not due to a known chronic condition such as asthma, sinusitis, or COPD?

- Cough

Within the last 14 days, have you travelled internationally?

- vi. Individuals who refuse to cooperate or do not pass established screening and safety protocols will not be admitted to the courthouse. If the individual is a visitor, the officer or other appropriate authority who turned the individual away will document the individual's name, identify the proceeding they were there to attend, and notify the appropriate court of the action. If the individual is an employee, they will be denied entrance and should contact their supervisor.
- vii. If a court is notified that a visitor or employee has tested positive for COVID-19 within 14 days of their appearance in the courthouse, the court will make arrangements to sanitize where needed and begin tracking and notifying others who may have been in close contact with the individual at the courthouse.
- viii. Limit entry to employees and visitors who are wearing masks or other face coverings over their nose and mouth. If an employee or visitor arrives at the courthouse without a face covering, a disposable mask will be provided.
- ix. Upon entry, take the temperature of all individuals by a thermal scan or other approved device. Anyone that registers a temperature of 99.5 degrees Fahrenheit or above, will be directed to leave. If the individual is a visitor, the screening authority will document the individual's name, identify the proceeding they were there to attend, and notify the appropriate court of the action. If the individual is an employee, they will be denied entrance and should contact their supervisor.
- x. Screening equipment at the entrance will be disinfected on a regular basis.

- xi. Where feasible, courthouse guides will be at the courthouse entrance to direct visitors to the appropriate courtroom.
- xii. Consistent with the emergency orders issued by the Governor and Chief Justice, Capitol Police, and court officers are authorized to enforce all screening and courthouse protocols.

B. Managing the Courthouse

- i. When possible, reconfigure employee workspaces to comply with social distancing requirements and provide employees with cleaning supplies so they can clean their work area. Require employees to wear masks when they leave their work area or are within 6 feet of another individual. If it is not possible to maintain social distancing in a breakroom, close the breakroom.
- ii. Install protective material in offices that have regular interaction with the public. Mark public areas in courthouse offices to reflect 6-foot spacing requirements.
- iii. Limit access to elevators, with no more than four people allowed in an elevator at a time. Post signs in English and Spanish and Haitian Creole in Sussex at the elevators and in each elevator stating that no more than four people at a time are allowed in an elevator. To the extent possible, offer alternative means to move around the building. If available, give employees access to non-public elevators.
- iv. Place sanitizer stations at both ends of escalators and on each floor at the elevators. Clean elevators and escalators multiple times per day. Post signs in English and Spanish at each escalator reminding individuals of the need for proper social distancing and sanitation.
- v. Limit access to public bathrooms to two people at a time. Post signs in English and Spanish and Haitian Creole in Sussex at the bathrooms stating that access is limited to two people at a time and reminding individuals to maintain proper social distancing.

- vi. Post all measures adopted on the court website and identify these measures in communications to jurors.

C. Courtroom Management

- i. Place hand sanitizer at the clerk's bench in all courtrooms. Courtroom personnel should wash their hands or use hand sanitizer after each proceeding. Clean courtrooms after each proceeding.
- ii. Ensure as many courtrooms as possible have the capability to use JIC approved technology to connect with attorneys, litigants, and the Department of Correction for proceedings involving incarcerated defendants. Courtrooms should be equipped to allow witnesses and victims to participate remotely in proceedings when deemed appropriate by the judge.
- iii. Configure and mark courtrooms to maintain proper social distancing between attorneys, litigants, and court employees with counsel tables at least 6 feet from the jury and court employees.
- iv. Podiums will be removed, when possible, from courtrooms. Attorneys will remain at counsel tables when addressing the court or the jury.
- v. Establish procedures to limit the need for counsel to directly approach the clerk's table. The clerk should use hand sanitizer or protective gloves when handling pleadings or exhibits.
- vi. Consider the installation of plexiglass dividers when appropriate social distancing cannot be maintained between employees, attorneys, litigants, or jurors.
- vii. All participants, including non-litigants, are required to wear a face covering or mask while in the courtroom. During courtroom proceedings, the judge may authorize the removal of masks or face coverings for the fair presentation of the case.
- viii. Until Phase 4 is reached, courts should limit live proceedings to only those individuals that can be accommodated under the

social distancing requirements and that are needed for the effective presentation of the matter. Whenever it is reasonably possible to do so, courts should consider the use of technology in the presentation of evidence or legal arguments to limit the number of people in the courthouse. The judge in each proceeding is authorized to ensure that the health and safety of the participants and staff are maintained. When limitations on participants are imposed, courts should consider the use of technology to allow public participation.

- ix. To the extent it is not possible to comply with both social distancing and constitutional requirements, especially for criminal defendants and their attorneys, judges should make social distancing determinations based upon statutory or constitutional requirements. Judges should consider the use of conversation aids that will permit communications between attorneys and their clients while maintaining social distance.
- x. Courts should liberally grant continuances and make reasonable accommodations for individuals who are considered at high risk for contracting COVID-19 or who report a COVID-19 diagnosis, symptoms or exposure.
- xi. When deemed appropriate by the presiding judge, court clerks, court reporters, and/or counsel may be authorized to attend court proceedings by electronic means to aid in limiting the number of individuals who are in the courtroom.

D. Court Calendar Management

- i. Courts within one courthouse should coordinate their calendars to minimize the number of people entering the courthouse each day.
- ii. During Phase 1 and Phase 2, courts should coordinate their calendars between live and video proceedings to limit the number of individuals in the courthouse and to allow for the staging of individuals in courtrooms to maintain social distancing requirements.

- iii. When courtroom limitations will be exceeded by the number of individuals on a court's calendar, the court should use separate staging areas for those waiting to appear. Those staging areas will be subject to distancing and density restrictions.
- iv. To minimize the number of people that are in the courthouse at any given time, courts should adjust when proceedings begin and when employees report to work.

E. Prisoner Management in the Courthouse

- i. To the degree it is reasonable and possible, transportation of inmates to the courthouse should be managed to maintain social distancing requirements.
- ii. Courthouse cell blocks will be managed to maintain social distancing requirements.
- iii. Inmate temperatures should be taken before their arrival at the courthouse. If an inmate has a temperature, they should not be transported to the courthouse or should be returned to the prison with the appropriate court notified.
- iv. The Department of Correction should notify the court of any inmate who has tested positive for COVID-19 and was in the courthouse two weeks prior to the diagnosis.
- v. The Department of Correction should be notified if any employee, witness or other litigant has tested positive for COVID-19 within 14 days of any proceeding involving an inmate.
- vi. When Phase 3 begins, continued use of video proceedings should be considered to minimize unnecessary transportation of inmates to the courthouse.
- vii. To the extent a courthouse structure and technology can accommodate, the use of intra-courthouse video between cellblock and courtrooms should be considered to minimize the risk to correctional officers and staff.

- viii. Even when Phase 3 begins, counsel should continue to interview and communicate with incarcerated clients by video.
- (4) The Justice of the Peace Court shall reopen consistent with its reopening plans approved by the Chief Justice.
 - (5) In light of the continuing threat COVID-19 poses to public health, all courts in the State are authorized, to the greatest extent possible under 10 *Del. C.* § 2008, to continue to utilize audiovisual devices at their facilities and remotely to conduct proceedings (except for jury trials) for the duration of this order.
 - (6) During the period of judicial emergency, all time requirements under the Speedy Trial Guidelines are tolled.
 - (7) Except as set forth in 10 *Del. C.* § 2007(c), deadlines in court rules or state or local statutes and ordinances applicable to the judiciary that expire between March 23, 2020 and June 30, 2020 are extended through July 1, 2020. Statutes of limitations and statutes of repose that would otherwise expire during the period between March 23, 2020 and June 30, 2020 are extended through July 1, 2020. Deadlines, statutes of limitations, and statutes of repose that are not set to expire between March 23, 2020 and June 30, 2020 are not extended or tolled by this order. Deadlines imposed by court order continue to remain in place but may be extended, consistent with court practices, for good cause shown, including a COVID-19 related cause. Notwithstanding the foregoing, each State court shall retain the discretion to require the prompt filing of public versions of documents initially filed under seal and, for good cause shown, to expedite proceedings.
 - (8) The time periods for bringing an arrested person before a magistrate pursuant to 11 *Del. C.* § 1909 and for bringing a prisoner before a judge pursuant to 10 *Del. C.* § 6907 are extended not more than 7 days under § 2007(c). The time for taking a juvenile charged with a delinquent act before a court is extended not more than 2 days under § 2007(c).
 - (9) The Family Court shall continue to have the authority, in its discretion, to extend emergency ex parte protection from abuse orders beyond 30

days, but not to exceed 45 days. Temporary injunctions and interim guardianships that would expire between March 23, 2020 and June 13, 2020 are hereby extended through July 1, 2020.

- (10) Administrative Order No. 3 regarding the suspension of any requirements for sworn declarations, verifications, certificates, statements, oaths, or affidavits in filings with the Supreme Court, the Court of Chancery, the Superior Court, the Family Court, the Court of Common Pleas, or the Justice of the Peace Court will remain in effect.
- (11) Each courthouse shall continue to provide a method, such as a dropbox or mailing address, for attorneys and the public to fill out and file paper documents if electronic filing is not available to them. For such cases, the courts shall continue to provide, when practical, an email address for attorneys and the public to email paper documents will be considered filed with the court when received.
